

Five Star and Nature Restoration Trust Full-proposal Project Narrative

Instructions: Save this document on your computer and complete the narrative in the format provided; allow one to two paragraphs for each answer. The final narrative should not exceed five (5) pages; do not delete the text provided below. Once complete, upload this document as a PDF or MS Word file into the on-line application as instructed.

Environmental Objectives:

1. What specific ecological objectives do you hope to achieve through this restoration activity?
2. What specific ecological need does your project address?
3. If applicable, describe how your project addresses or benefits a broader watershed restoration effort?
4. What specific on-the-ground restoration activities will be undertaken?
5. What indicator(s) will you use to measure progress toward your ecological objectives?
6. How will your project be maintained in successive years after restoration has been completed?

Educational Objectives:

1. What specific educational and/or outreach objectives do you hope to achieve through this activity?
2. What audience is the target of your educational activities?
3. What specific educational/outreach activities will be undertaken?
4. What indicator(s) will you use to measure progress toward your educational/outreach objectives? (*Number of children engaged in program, pre- and post- test scores on ecological awareness, etc.*)
5. If your project is in one of the seven targeted metropolitan areas for urban conservation and restoration (see RFP under 'Funding Availability'), how will you meet the requirement for a spring community service event?

Partnership Capacity Objectives:

1. List all project partners, including their organizational affiliations, areas of expertise, and roles in the project. Please identify, as appropriate, the partner providing technical guidance related to designing and implementing the on-the-ground restoration. (*Remember, your project should have at least five partners. Also, if your project involves volunteers, please include them as a partner and list by organization.*)
2. Describe your partnership's long-term commitment to watershed or community stewardship.
3. List any previous Five Star grants received, including the project name and grant number.

Nature Restoration Trust Requirement:

1. If your project falls within the NRT geographical guidelines (in California), briefly explain how your project links to the outcomes shown in the NRT Program Logic Framework on the Foundation's website (www.nfwf.org/nrt).
