

Position Title: Peconic Estuary Partnership Internship: Horseshoe Crab Monitoring
Location: Riverhead County Center, 300 Center Drive Suite 250S, Riverhead, NY 11901

Position Summary: The Peconic Estuary Partnership (PEP) is an innovative partnership of local, state, and federal governments, citizen and environmental groups, businesses and industries, and academic institutions charged with carrying out the goals of improved water quality and ecosystem health as outlined in PEP's Comprehensive Conservation Management Plan.

The intern is responsible for assisting with the collection of scientific data on annual horseshoe crab spawning surveys that occur 12-15 times between 10:30pm-2:30am depending on high tide in May and June, with potential to extend into July depending on horseshoe crab spawning season length. The intern will be responsible for leading multiple monitoring volunteer events at PEP's hosted monitoring site in Hampton Bays. The ideal candidate will have some marine biology background and can properly handle live animals.

The position will be based out of Hampton Bays, NY. The majority of the work will be outdoors at night in potentially adverse weather conditions. Some in office work may be required but is flexible regarding time of day. This opportunity will be approximately 15 hours every other week during new and full moon cycles; weekends and orientation will be required. A reliable source of transportation is necessary. This is a non-paid internship. This internship is eligible for academic credit.

Major Responsibilities:

- Monitor horseshoe crabs at the Hampton Bays project site.
- Follow protocols to ensure accurate and reliable data records.
- Lead multiple public outreach events for horseshoe crab monitoring.

Skills:

- Ability to handle multiple tasks while maintaining a positive and professional attitude.
- Ability to have a flexible schedule based on demands of program and needs of staff.
- Willingness to participate as a team member and to interact with the general public.
- Ability to volunteer outdoors and perform physical tasks as needed.
- Willingness to travel to eastern Long Island in the evening.
- Ability to work independently and as part of a team.
- Ability to lift 50 pounds and willingness to work in adverse weather conditions.

Please send resume and cover letter to Barry Volson barry.volson@stonybrook.edu and Valerie Virgona valerie.virgona@stonybrook.edu to apply. The position will remain open until filled.
